**Vendor Questions and Answers**

Question 1: Do all suites receiving carpet tile contain modular furniture workstations?

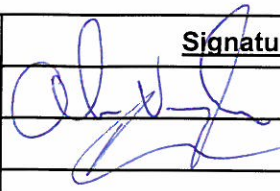

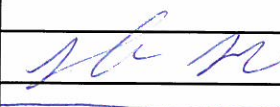

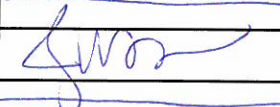

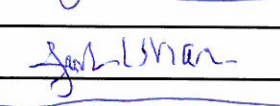

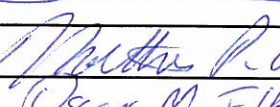

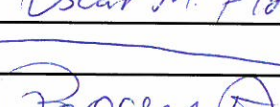

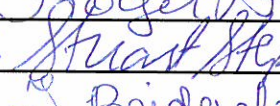

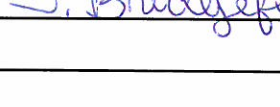

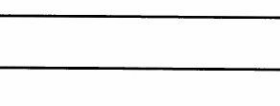

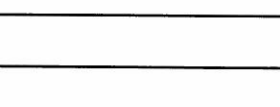

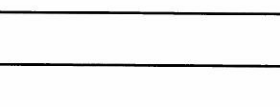

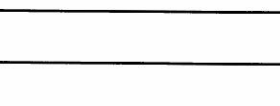

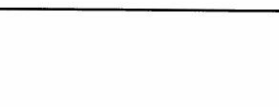

Answer 1: The possibility does exist that all suites receiving carpet tile will contain modular workstations. The more likely scenario is that there will be modular furniture workstations in approximately 20-30% of all the suites being installed.

Question 2: How many modular furniture workstations are typically in a suite receiving carpet tile? (Distinguishing between case goods and systems is not necessary. The total number of modular furniture workstations in a typical suite receiving carpet tile is all we need.)

Answer 2: Typically there are 10 work stations per suite
